AUTHORIZATION FOR RELEASE
INSTRUCTIONS**

Section 3107.41 of the Revised Code provides that an adopted person 21 years of age or older may file a petition in an Ohio probate court for the release of identifying information pertaining to the adopted person's biological parents or biological siblings. Such identifying information may be provided to the adopted person if a valid authorization for release, completed by the biological parent or biological sibling, is on file with the Ohio Department of Health, Vital Statistics Division.

A biological parent cannot authorize the release of identifying information for the other biological parent. In order for identifying information to be released for both biological parents, each parent must complete and file an authorization for release form. A biological parent cannot authorize the release of identifying information pertaining to a biological sibling of the adopted person. The biological sibling cannot authorize the release of identifying information for the biological parents or another biological sibling.

A biological parent may request the release of additional information to the adopted person by providing such information on a separate sheet of paper. The additional information shall be signed, dated, and attached to the authorization for release. Such additional information cannot pertain to the other biological parent unless the other parent has filed an authorization for release of identifying information or to a biological sibling unless the sibling has filed an authorization for release of identifying information.

A biological sibling may request the release of additional information to the adopted person by providing such information on a separate sheet of paper. The additional information shall be signed, dated and attached to the authorization for release. Such additional information cannot pertain to the biological parents or another biological sibling.
